

Publication of Results

All examination results (provisional) are posted on the Institute website on the date assigned on the academic calendar.

It is the responsibility of each student to ascertain their own results from the appropriate list. Students are subsequently notified of their results (subject marks or grades obtained) in the form of a transcript, by post. A transcript of results is not sent by post for the Semester one examinations.

Under no circumstances shall officers of the institute provide results or information regarding results over the telephone.

The right of a student to be issued with results and/or to graduate depends upon the payment of all fees and/or charges.
